

Join us on two packed days full of inspiration and expert knowledge.
Together we bring forward business transparency!

About the Event

Join us on June 26 & 27 at *fw:transparency*, our brand new event in the beautiful town of Reutlingen to find out how compliance, transparency, digital transformation, supply chain management, and the Circular Economy can support you in adding real business value to your organization – now and in the future.

Interact with top-class speakers and peers and develop ideas and solutions to meet the challenges you face when optimizing your processes and products and making them future-proof.

Whether you'd like to focus on iPoint's solutions on Day 2, June 27, which is free of charge, or enrich your personal program with a symposium or a workshop Day 1, we will be happy to have you – and together we will bring forward business transparency!

The Venue

The Stadthalle Reutlingen is the first and only city hall in Germany that carries out events completely climate-neutral.

Stadthalle Reutlingen
Oskar-Kalbfell-Platz 8
72764 Reutlingen
Germany

fw:transparency is brought to you by

Day 1: Gain Knowledge

Day 1 offers you either a full-day symposium or three parallel workshops in the afternoon. *Symposium*: Panels and presentations on regulatory developments concerning the sustainability of supply chains and products as well as insights on the Circular Economy and the role of technology such as Blockchain and AI. *Workshops*: Hands-on workshops on regulatory compliance, conflict minerals, or packaging.

The free evening event at the end of day 1 provides excellent networking opportunities and lets you end the day with music, drinks, and finger food.

Day 2: Gain Insights

Day 2 gives you first-hand insights from our customers and experts on various tried and tested iPoint solutions and covers business transparency in the areas supply chain, operations, products, and processes.
